Porsche performance. Right on schedule.
Porsche Scheduled Maintenance Plan
The Porsche Scheduled Maintenance Plan

The perfect way to keep your Porsche at its peak.

Now that you’ve purchased a new Porsche, protect its performance and value with the finest care available.

The Porsche Scheduled Maintenance Plan allows you to manage all of your factory-recommended scheduled maintenance appointments through the convenience of prepayment. Not only will you have the confidence that your maintenance is being completed to Porsche standards by Porsche-trained technicians, you can rest easy knowing that these services will be without charge when performed at an authorized Porsche Centre. The plan covers all the routine service and inspections Porsche specifies, for the length of the term you choose, keeping your vehicle operating in peak condition.

Save on maintenance costs
With the Porsche Scheduled Maintenance Plan, you lock in maintenance costs to protect against inflation and service price increases. The plan also delivers savings over paying for maintenance as you go.

You can also enjoy the convenience of including the Porsche Scheduled Maintenance Plan in your monthly payment when you lease or finance through Porsche Financial Services Canada.

Protect the value of your vehicle
By ensuring that your Porsche vehicle is receiving all of its scheduled maintenance services, you are helping to protect its resale value. The benefits of the plan are also transferable to the next owner if you sell your vehicle during the term of your contract – adding to its potential resale value.

Customized to your driving style
The Porsche Scheduled Maintenance Plan gives you the flexibility to select the terms best suited to your driving needs, from three years/45,000 kilometres to four years / 60,000 kilometers. Depending on how much you drive your Porsche, there’s a plan available to help you maintain the performance of your vehicle.

Plan coverage
The plan covers all Porsche-specified regularly-scheduled maintenance – as outlined in your Porsche’s maintenance booklet – for the time or mileage (whichever occurs sooner) of your contract, including:

- Engine oil and filter changes
- Engine air filter, pollen filter, spark plug, Tire Sealant, and brake fluid replacement
- Comprehensive inspections of all parts and systems

Please contact your Porsche Centre for details about the Porsche Scheduled Maintenance Plan, including whether you are eligible to participate and how to select the plan that’s right for you.

Important: 1. The PSMP does NOT cover wear-and-tear items, including but not limited to tires, wiper blades or brake pads. Only items specifically listed in the scheduled maintenance requirements of the particular plan and identified in the vehicle owner’s manual are included; 2. Scheduled maintenance during the term of the selected plan (3 or 4 year) may be performed within up to 3,000 km or three months before or after manufacturer’s scheduled service interval. If a scheduled maintenance requirement is not completed by the earlier of 3,000 km or three months after its scheduled timing that particular service will be deemed to have been missed and will no longer be covered under the plan; 3. The final scheduled service covered under any particular plan must be completed at the latest by the earlier of 3,000 km following the scheduled service mileage or three months following the expiry of your PSMP term; 4. Plan content and pricing are subject to change. Individual plans will be governed by the terms in place at the time of purchase; 5. PSMP plans are non-refundable.

Transferable
The plan purchased for the vehicle stays with the vehicle and is transferable to the next owner if the vehicle is sold during the term of the PSMP contract.

Other Details
The PSMP cannot be cancelled and is non-refundable. No refund will be given if a lease/finance contract is less than the coverage period. PSMP coverage remains with the vehicle for which it was originally purchased and can be used by subsequent vehicle owners. Coverage and services are only valid in the country of purchase.

Exceptions
In the event that a PSMP vehicle is designated as “totalled” by the insurance carrier, the vehicle owner will be reimbursed $200 for each remaining maintenance. PSMP will also be removed if the PSMP vehicle has been repossessed by the lien-holder.
